

Early Learning Express: July 2016 Update

It has been a bit of a down time for the Early Learning Express these last few weeks. We ended our spring season in mid-June and have since participated in Windham Child Care Association's fundraising event Magical March. Sueño, along with her husband Andrew, performed The Three Billy Goat's Gruff to young princes and princesses, dragons, knights, wizards and their "grown-ups" before and after their trek up to the Retreat Tower. It is important, after all, to acknowledge the unfortunate Troll-under-the-Bridge as a magical creature in the land of fantasy!

The ELE will be back on the road for the last two weeks of July to serve 8 family child care providers, 7 center based programs (with 15 classrooms), and 7 other sites serving elementary and older students! What's on the program remains to be seen, but one can assume summery themes like berries, swimming, camping and more! Oh, and dragons. There will probably be some dragons!
